

I always try to transfer the passion for my subject to my students, but i'm not so good with technology...

William

Old history professor

ACTIVITIES

William is 60 years old and lives in Turin. He wants to give his best while teaching. He is close to retirement, but he is still passionate in what he does.

GOALS AND DESIRES

William would like to improve his life by having a more direct and faster communication with his co-workers and with the students' parents.

DIGITAL TOOLS

[Which is or are the reference digital platform?]

...

NEEDS

- William needs an easy and quick way to communicate with the parents at home;
- William needs an easy way to register his activities as a teacher.

OBSTACLES AND FRUSTRATIONS

- William has some difficulties regarding the communication with his students and their parents
- He has not a good sight anymore, so he can't use certain devices or services where the text is too small.
